What is Consumption?

It would take a man a life time to read the treatises that have been written upon this important subject, and if a sick man were to attempt it, he would make himself worse by the reading, and die before he got half through. The symptoms of the disease are: *hacking cough, expectoration of matter or pus, pain in one or both lungs, chilliness, burning in the palms of the hands and soles of the feet, exhausting day or night sweats, hectic fever, wasting of flesh or marasmus, sometimes expectoration of blood.* These are the usual outward symptoms, apparent not only to the observing physician, but to the patient's friends. There are, however, more important symptoms than these, which are only made manifest by *auscultation and percussion*, terms which mean, in a medical sense, thumping, and listening, and they are employed outwardly in order to ascertain what is going on inside of the cavity of the chest. The signs or symptoms elicited in this way are almost sure to demonstrate the true and exact condition of the respiratory organs. A perfect auscultator cannot fail in ascertaining whether the Lungs are acting naturally or not. Hence it is the best method of examining the lungs. Their actual condition once discovered, the appropriate treatment is more readily arrived at, and every diseased part more completely under the influence of appropriate remedies. We have long been of the opinion that consumption or decay, or wasting of the bodily strength, was dependent on a depraved state of the blood, which carries, in its course, tuberculous matter, and deposits it in the lungs, or elsewhere in the body, just as calculi or stone is deposited in the bladder, a small particle of which attracts other particles, until it becomes of such offense to the natural functions as to bring on inflammatory action, which action if it could, would carry it out of the system, and which could have been easily done in the beginning of such disease. DR. KEYSER'S PECTORAL SYRUP is a complete and perfect cure in the forming stage of lung disease. It acts on the very principle we have stated above, by enabling the securing or carrying off organs to do a double share of work. Waste and repair are easily comprehended, and if the worn out material be carried off, and the renewing material of a proper character, there must be health and ease, the contraries of sickness and *dis-ease*. In many cases of consumption, which have become settled, Dr. Keyser's Pectoral Syrup fails to cure, although it will do good in nearly all. He prepares a medicine called LUNG CURE or PULMONARY RESTORATIVE, which is a good tonic, and strengthens and restores the parts to be renewed, while it dissolves and carries out from the body those particles of worn out or extraneous matter, which only tend to clog or destroy it, by hindering the renewing material being deposited in its proper place.

Dr. Keyser's Pectoral Syrup and Lung Cure can be had of most druggists, and at his great medicine store, 140 Wood street. Consultation rooms for lung examinations, 120 Penn street, from 9 A. M. until 4 P. M.

HARRISBURG, April 3, 1867.

THE CONSOLIDATION BILL.

The bill providing for the consolidation of the cities of Pittsburgh, Allegheny and suburbs, was passed by consent, with the following amendments:

The first section was amended by requiring copies of the surveys to be made to be filed in the office of the Recorder of Deeds and the Commissioners' office.

The second section was amended so as to divide the proposed city into three districts, south of the rivers, north of the rivers, and between the rivers, and any district voting against consolidation shall not be included in the city.

The third section allows each ward, borough and township to elect councilmen separately.

The fifth section makes it the duty of assessors to mark real estate for agricultural purposes, rural to be taxed two-thirds as much as city property.

Sections twenty-four, thirty-four to thirty-nine inclusive, and forty-one to fifty-two inclusive, were stricken out.

A section was added, providing for a commission, to consist of Messrs. William Wade, Thomas M. Howe and, William Dilworth, (District Court to fill any vacancy) to appraise the cash value of bridges, first deducting therefrom any reserved or contingent fund held by any bridge, turnpike or plankroad company, and return said appraisement to the Mayor and Councils before the first day of February, 1869; Councils to create a loan, entitled a bridge loan, and make free bridges and highways; provided, the holders of stock receive per centage upon the appraised value; and provided further, that if any corporation refuse the tender within three months, the city shall declare the bridges free.

The sections stricken out were: Section twenty-four allowed a compensation to members of council of two dollars for each day of attendance not exceeding $100 per year. Sections thirty-four to thirty-nine, inclusive, regulated the duties of police judge and other city officers proposed to be created, and sections forty-one to fifty-two referred to fire department regulations, established a board of public works, system of sewerage, &c.

The bill will pass the House to-morrow.

THE FREE RAILROAD BILL.

The special order this evening in the House, the Free Railroad Bill, passed the Committee of the Whole.

Mr. Lee, of Philadelphia, moved to refer it to the Railroad Committee, which was strenuously opposed by Messrs. Jenks and Myers, who charged members with violating their faith, which was pledged by both parties in the last Gubernatorial campaign.

The motion to refer to the Committee was not agreed to, and the bill went to a third reading—ayes 46, nays 35. Not two-thirds, so the rules could not be suspended for final passage. All the Allegheny county members were in their seats and voted aye.

QUEENSTOWN, March 24.—Mr. Gladstone, on the 21st, invited his supporters to a meeting at his house, to consider their course on the Government Reform bill, and about two hundred members of the House of Commons responded to the invitation. Mr. Gladstone recommended that on the second reading of the bill it should pass unchallenged, but that if the clause embodying the principle of the duality of voting was not abandoned, and the difficulties as regards compound householders equitably adjusted, and if these concessions were not distinctly made in the Chancellor of the Exchequer's speech on the second reading, another meeting of the Liberal party should be convened, and he would then propose that the cardinal vote should be taken on the question, that the Speaker do leave the chair in order to go into committee. This he explained would have substantially the effect as the vote against the second reading, while it would give the government ample opportunity for deciding whether they would insist on retaining the present objectionable provisions of the bill.

Mr. Roebuck said he should support the second reading, but acquiesced in Mr. Gladstone's proposal.

Mr. Bright spoke strongly against the bill as it now stands, but supported Mr. Gladstone's suggestions.

The Pall Mall *Gazette* says: Mr. Gladstone alluded to a rumor that the government intended to postpone going into committee on the bill to a late period.

Mr. Gladstone said he intended very strongly to oppose that course. The same paper says: Mr. Bright's speech was very moderate in tone, and he intimated the belief that he should have no difficulty in backing the policy of the Liberal as a party.

Mr. Gladstone intimated that he should propose, in committee, a larger extension of the county franchise, and some other alterations in the bill.

Pittsburgh Presbytery of the Reformed Presbyterian Church.

This Presbytery met yesterday in the First Reformed Presbyterian Church, (Rev. John McMillan's,) Allegheny, at 11 o'clock A. M. Rev. David Patton was elected Moderator and Rev. George Scott, D. D., appointed Clerk.

Mr. Patton reported that the Shenango Congregation had effected a union with the United Presbyterian Congregation of Adamsville, and requested that their name be stricken from the roll.

The Rev. Mr. Lamb, of the Old School Presbyterian Church, complained to the Presbytery that Rev. David Patton had visited his congregation and preached to his people contrary to his wishes. Mr. Patton explained that he did not know Mr. Lamb was in the neighborhood, and was not aware that he was the pastor of the congregation. The matter was referred to a committee.

A call from the United Presbyterian Congregation of Adamsville, inviting Rev. D. Patton to become their pastor, was laid on the table of Presbytery. The call was not accepted.

The following gentlemen were elected delegates to the meeting of General Synod, to be held in New York in the month of May next: Revs. George Scott, D. D., John Douglas, D. D., Revs. Thos. Johnston, John McMillan, John F. Hill, Robert McMillan, D. Patton, and John Alford, and John Stevenson, Thomas Smith, William Gill and J. P. Fleming, Esqs.

The afternoon session was principally occupied in hearing trial discourses.

In the evening, Presbytery licensed Mr. J. Y. Boice to preach the gospel. Rev. Dr. Douglas, by request, officiated in the room of the Moderator in the licensure of Mr. Boice.

The Committee of Conference in the matter between Messrs. Lamb and Patton made their report. The Committee stated that they had failed to effect a reconciliation between the parties, and recommended that the subject be dismissed, the way remaining open for Mr. Lamb to prefer a formal charge, if he shall see fit to do so. The report was unanimously adopted.

After the usual formalities the Presbytery adjourned to meet in Austintown, Ohio, on the first Wednesday of October next, at 11 o'clock. A. M.

Grafton's Allegheny House Furnishing Headquarters.

Elsewhere we publish the card of the well known house furnishing establishment of I. W. Grafton, No. 66 Federal street, Allegheny. Yesterday we had the pleasure of looking through the extensive and varied stock of general household goods for use and adornment, and found everything which is essential to the proper furnishing of dwellings. Fans, kettles, pots and pans, kettles and pans in endless variety, chairs of ease, bird cages, wooden bowls, willow baskets, and a thousand and one other articles of use and beauty are to be found there at the most reasonable and inducing of prices. One or two articles we observed are especially worthy of notice, as we conceive them to be of great importance to housekeepers. One of them, the "Union Coffee Pot," should be in the kitchen of every family. It is warranted, by aid of boiling water and coffee, to make a delicious kettle of coffee inside of three minutes. The coffee made by using it is not bitter, but retaining all the aroma of the berry, is a delicious beverage. The pots are sold at the same price as old fashioned ones and everybody should have one, if but to try their value over all others. Another article worthy of attention is the patent clothes ringer, which is without exception the best article of the kind offered in this market. It is a great labor-saver and will be appreciated by use in the wash house. Many other novel inventions we noticed in the large stock of goods of this house, and we invite our readers to call and see for themselves. Mr. Grafton is a fair dealing business man, and we cordially commend him to the patronage of the community. Remember the place, No. 66 Federal street, near Railroad depot, Allegheny.

Attempted Highway Robbery.

About ten o'clock on Tuesday evening officer Eagan, of the night police, discovered a man, who subsequently gave his name as John Mullen, lying in an alley, near the corner of Penn and Canal streets, and two men bending over him as if in the act of rifling his pockets. The officer approached the trio and inquired what was wrong, when one of the party answered that the individual lying on the ground was a friend of theirs who they were playing a practical joke on. By this time Mullen had scrambled to his feet, when Eagan discovered that he was under the influence of liquor and that he was hatless. After searching for it a few moments, one of the men, named James Allen, took it from under his coat, where he had had it secreted, and placed it on Mullen's head. Allen and his friends then volunteered to take Mullen home. They started down Penn street, in the direction of the Pittsburgh, Fort Wayne and Chicago Railroad depot, but had only proceeded a short distance, when Eagan, who had followed them unperceived, saw them search Mullen's pockets and then shove him into the gutter. The officer arrested both the men yesterday morning, and brought them before Mayor McCarthy. They gave their names as William Thompson and James Allen, and denied having ever met Mullen before in the whole course of their lives. After a hearing they were held in five hundred dollars to answer at Court.

Dedication of Mozart Hall to the Cause of Temperance.

It may not be generally known that Pittsburgh Division No. 42 of the Sons of Temperance has leased the new and elegant Mozart Hall on Seventh street, and will convert it into a temple of temperance. The hall has been magnificently furnished and newly papered and painted, and its interior will compare favorably with that of any structure of the character in the State. We acknowledge an invitation to be present at the formal dedication which takes place on Friday evening next. From the character of the gentlemen having the arrangements for that occasion in charge, we can safely promise a rare entertainment. In connection with this notice we might observe that the cause of temperance has received a powerful auxiliary in Lodge 42, which is made up of many of our most respected and valued citizens. The number of reforms they have succeeded in working amongst fashionable drinkers is very large, and each day new accessions are made, and perhaps more souls saved from everlasting perdition. The Division is financially in a healthy condition, and from the enterprising spirit of the members, it will doubtless soon prove the most powerful temperance organization in the State.

J. Scott Ferguson, Esq., Attorney and Counsellor at Law, has removed his office to No. 89 Fifth street, second floor, nearly opposite the GAZETTE building, where he will be pleased to see his friends and clients. Mr. Ferguson has had considerable practice in his profession since admitted to the bar, and we take pleasure in commending him to our readers who may have any legal business to transact. Deeds, mortgages, and all descriptions of legal writings are carefully and promptly executed, and Court matters, civil or criminal, will be faithfully attended to if entrusted to Mr. Ferguson's care.

Taking the Chair.—John Dougan lives leisurely, and his exchequer being too shallow to permit him indulging in his passion to a great extent, he yesterday carried off a handsome rocking chair, the property of a certain Minis O'Connell, in a manner that will not enhance his general reputation for honesty. O'Connell, discovering his property in the possession of John, repaired to the office of Alderman Taylor, and made oath against him for larceny. The gentleman who had taken the chair was forced to relinquish it, and enter bail for a hearing on Saturday.

Young Lady Poisoned.—A young lady residing on Irwin street, whose name we have failed to learn, yesterday drank a quantity of corrosive sublimate, under the impression that it was wine. She was immediately affected by the poison and began vomiting violently, all the while suffering the most acute torture. Toward evening she became worse, and at the instance of her attending physician, Dr. E. Donnelly, was removed to the Mercy Hospital. At ten o'clock last night there were but slight hopes of her recovery.

Youthful Depravity.—Officer James Campbell, of Mayor Morrison's police, arrested George McNumary, yesterday, on a charge of theft preferred against him by Mr. Weyman, the proprietor of a store on Ohio street, Allegheny. McNumary, who is quite a young boy, acknowledged on being arrested that he had stolen a parcel of brushes from Weyman, a lot of sponges from J. D. McFadden, of this city, and a number pairs of socks from an old lady in the Fourth ward, Allegheny.

Charged with Stealing $3,000 Worth of Goods.

An old man named Kelly was arrested at Duffy's Hotel, Third ward, last night, by officer Long, of the Allegheny police, for the larceny of goods to the amount of $3,000. It appears that Kelly has a sister-in-law in Upper Sandusky, Ohio, who is engaged in the millinery and dry goods business. She went East a few weeks since and purchased $3,000 worth of goods which she shipped to Kelly's care in Sandusky. On returning home she found that the old gentleman had decamped, taking with him the goods consigned to his care. Subsequent information led her to suppose he had come to this city, and she accordingly telegraphed to officer Long to keep a sharp look out for him.

Yesterday the office ascertained that Kelley was really in this city, engaged in disposing of dry goods at extremely low figures to small dealers. He immediately went in quest of his man, and succeeded in capturing him as stated. The prisoner was locked up in the Allegheny watch house, last night. He will have a hearing to-day.

A Grave Mistake.

A woman named Julia Tracy, employed in the family of J. C. Colsen, of Liberty township, came very near poisoning the entire household on Monday morning last, under the following circumstances: Mrs. Colsen had procured a quantity of arsenic for the purpose of dosing the rats, which she carelessly placed on the top shelf of a cupboard, having decided not to use it for the present. While Miss Tracy was in search of some baking powder, which had also been placed on the upper board, she found the poison, which she innocently mixed into a pan of biscuits. The mistake was not discovered until the biscuits were baked, when Mrs. Colsen had occasion to go to the cupboard to look after something, and found the poison gone. Her fears being aroused, she inquired of the servant what had become of it, when the true state of affairs became known. It is needless to say the biscuits were left untouched.

An Unknown Man, it will be recollected, was found drowned a few days since in the Allegheny river opposite Lawrenceville, near Hare's Island. The body is supposed to have been that of Dennis Murphy, employed at the rolling mill in Kittanning. He began work there March 14th, and disappeared on the following day. It is said that he came from Cleveland, where he had a wife and two children.

Lost Child.—A boy, between five and six years old, who gives his name as Willie Montgomery, was picked up on Fourth street, yesterday, by officer Cupples. The child had evidently gone astray, as he was unable to give any information as to where he belonged or what his parents' names are. He is stopping for the present at William Brown's, Diamond alley.

Slight Fire.—Yesterday afternoon a shed in the rear of Spang's carpenter shop, in the Third ward, Allegheny, caught fire from a defective stove pipe, and ere the flames could be stayed, the structure was destroyed. The loss will be very slight, as the shed contained nothing save a few articles of old furniture.

One Hundred Dollars Reward is offered for the detection of the thieves who entered the store of C. E. Lucas, at Buena Vista, Pa., on Sunday night last, and robbed it of a considerable quantity of goods, such as hats and caps, boots and shoes, &c., together with two valises, one marked "J. E. Lucas."

Death Warrant.—Governor Geary issued a warrant yesterday for the execution of Robert Folger, on the 15th of May, in the jail yard of Washington county. The condemned, it will be remembered, was convicted a short time since of the murder of Robert Dinsmore, on the 4th of December, 1866.

Drowned.—A little boy, named Adam Slatter, was drowned in the Ohio river, a short distance below Line Island, on Tuesday, by falling out of a skiff. The parents of the lad reside in South Pittsburgh. He was on a visit to some friends when his death occurred.

Vote of Thanks.—At a meeting of the Allegheny Soldiers' League, held on Tuesday evening, a vote of thanks was tendered to Mr. Spratt, Hon. J. K. Moorhead and A. L. Robinson, for donations of books received from those gentlemen for the use of the League.

The Bonds of the new loan of the State of Pennsylvania can be obtained of James T. Brady & Co., at Eastern rates, corner of Fourth and Wood streets. These bonds bear six per cent interest, are free from taxation and are considered a first class investment.

Warrant Issued.—Richard Worsley came to the office of Alderman Morrow, yesterday, and lodged an information against Max Claybourne for larceny as bailee. A warrant was issued for the arrest of the accused.

THURSDAY, APRIL 4, 1867.

A MEETING of the Board of Trade will be held on Friday (to-morrow) afternoon to hear the report of the Committee on Consolidation, and take such further action as may be necessary.

HIGH RENTS.

Just now thousands of families are experiencing the discomforts consequent on changing residence. Why so many consent to this infliction is an unfathomable mystery. They perform the job every year or two, with surprising regularity, and mainly without any solid reason. A momentary fancy that a different neighborhood would be more agreeable or convenient often decides them. In multiplied cases rent is advanced, and they shift, incurring double the expense in help, time, and breakage that the increased rental involved. Of course, all manner of objurgations are heaped upon the heads of landlords.

Is there any reason why a man who owns a tenement should not sell or lease it for the highest sum the market will give him? Very few persons dispute the right of a man to sell houses and lands for the best price he can get; and those who do obtain no credit for common sense. The value of property in fee simple must and will determine its annual value on lease. The law of supply and demand is just as potent here as in determining what price wheat or potatoes command. If people, in unusual numbers, flock from the country into towns, the value of intermural real estate will advance, and just in proportion to the pressure of population and business.

Complaints are almost universal, just now, of the enormous advance in rents. A strict and impartial inquiry will show, however, that rents have not augmented out of proportion to the cost of material and labor required in the erection of new buildings. Every successful strike on the part of mechanics for higher wages tends directly to raise rents. It does this in two ways. First, by preventing persons who would otherwise build, from doing so until prices fall off. This consideration is operating powerfully at the present time. Men who have means to expend in building generally feel that the present rates cannot be maintained, especially as to dwellings, and that to invest therein now, with the view to holding permanently or for a term of years, is certain to entail serious loss. Thus the supply of tenements is kept below the demand. Then, again, this stoppage in the erection of new buildings, begets sharp competition for those already existing. The supply being short, there is no probability of houses remaining vacant even at exorbitant rates.

Hence, the embarrassment of high rents must be left to work its own cure. When the cost of new buildings recede, the rents of all buildings will diminish, and not till then. It may relieve the feelings of such as are compelled to hire at steep rates to curse the landlords, but we imagine no other good will come of doing so.

ANOTHER RAILROAD EMBROILMENT.

The Legislature of 1866, granted a charter for a railroad to run from Pottsville to Philadelphia on the opposite bank of the Schuylkill river from the Reading Railroad. Indications at the time warranted the belief that this legislation was procured in retaliation for an arrangement entered into between the Reading Railroad Company, the Atlantic and Great Western Railroad Company, and a number of other companies, whereby a new trunk line from the west was to be established, with arms reaching one to Philadelphia and the other to New York. Soon after the passage of the bill the strongest assurances were given that the work would be commenced immediately and prosecuted to completion with the utmost possible celerity. The failure of SIR MORTON PETO, and the banking house of which he was the renowned head, brought to a humiliating end the scheme he had wildly conceived and insanely entered upon. It brought likewise to a termination the project for a second railroad through the valley of the Schuylkill. The Coal Exchange of Philadelphia protests against a new road, no body seems disposed to invest the millions which would be needed if the enterprise should go on. But the coal operators of Schuylkill county are of a different opinion. They want the new road, because the competition for the carrying traffic which it would necessarily superinduce would tend to lessen freights, and so to increase their profits. These coal operators, however, do not evince a willingness to build the road themselves, but ask the Legislature to authorize the several counties along the projected line to make subscriptions. This is so powerfully resisted from Philadelphia that the request will hardly be granted. This result is so apparent the Schuylkill people are now threatening to increase the facilities for sending coal directly to New York by way of the Lehigh Valley.

IT IS now apparent that Congress had good reasons for adjourning to July instead of December. Inspired by the President, his Southern friends are already taking measures to bring the Military Government Act before the Supreme Court. Their purpose was to apply directly to the full bench for an injunction to restrain some one of the Departmental Commanders from executing the law; but they have found this cannot be done because the Supreme Court has not original jurisdiction, and can hear a cause only upon appeal from a District Court.

How far the President and his adherents may succeed in hindering the present reconstruction movement is not easy to predict; but, whatever delay may occur beyond the short period necessary under the existing law, he and they will be answerable for. The interposition is not offered to facilitate reconstruction, but to protect the rebel classes who are disfranchised by the law from its salutary operation.

A WAR CLOUD hangs in the East. Russia seems to feel that the hour has arrived for following her traditions to Constantinople. The sudden aggrandizement of Prussia has delivered her from fear of France. England is no longer formidable, as of old, and has employment at home and in her North American provinces. If the Russian armies start again, they will not cross the Balkan, look upon the coveted city, and then turn back. Let them march!

UNION LEAGUES are being rapidly organized among the blacks throughout the South. As a political instrumentality speech-making is good, but Union Leagues are better.

IT WILL BE REMEMBERED that while President Johnson was "swinging round the circle," last summer, the platform or bridge at the railway station at Johnstown gave way under the weight of people there assembled to see him, some of whom were killed and others injured. Suits were brought against the Pennsylvania Railroad Company to recover damages. Two suits were arbitrated, and Daniel Pius King recovered $3,000 and Daniel M'Pike $4,300.

Since the rendition of these awards, a bill has passed the Senate changing the venure of the suits yet untried to Center county.

THE Judiciary Committee have ceased taking testimony on the impeachment question for the present. Several members of the Committee are abundantly satisfied that cause for preferring articles exist, while some others do not want to be satisfied. Most of the Republican members of the Senate do not want the case brought before that body. They hold the President to be now comparatively powerless, and think there are incidental advantages in letting him remain where he is until his time shall expire.

BY a law passed by the present Legislature the Governor was empowered and directed to advertise for a new loan of twenty-three million dollars, at par to take up the overdue bonds of the Commonwealth. Eight million more were offered than were wanted. One million was bid at par for five per cent. interest, and thirty-one million were offered at six per cent. from par to half of one per cent. premium. This shows that the affairs of the State have of late been so administered as to fully redeem its credit.

M. THIERS made a very eloquent speech on the 14th instant on the foreign relations of France, in which he said:

"Our Government waited, dawdled and trifled, hoping that something would turn up. Something has turned up—the greatness of Prussia. Events last year were in the hands of France, and now they are in the hands of Prussia and Russia. That is the change which has taken place in the situation."

THE bill for the new county does not propose to include any of the territory of Beaver or Butler county.

Incidents of the Great Freshet—A Truly Noble Young Man.

[From the Jonesboro (East Tennessee) Union Flag.]

The late disastrous flood in East Tennessee, by which so much property was destroyed, and in some places many lives lost, when all the facts are known, will disclose some noble deeds of heroic daring in persons saving the lives and property of others. One instance of this kind has just been related to us. The village of Kingsport, situated on the banks of the Holston, some twenty-four miles below this place, suffered greatly in the loss of property, and many would have found watery graves if it had not been for the generous and heroic risk of life of Lieutenant Jas. N. Cox, late of the 13th Tennessee cavalry, Federal army, and an old comrade of the senior editor of this paper. It would make this notice too long to relate all of his risks and adventures, but one demands especial attention.

There were two families of movers in a flatboat in the river below Mrs. Ann Phipps', numbering fourteen persons—men, women and children. The boat was fastened to a tree, but the river had surrounded it, and the sweeping torrent of drift wood threatened every moment the destruction of the frail craft and its inmates. Some fifty or sixty persons were standing on the banks of the river, seemingly powerless, when Lieutenant Cox was sent for, who instantly seized a canoe, and at the imminent peril of his own life, dashed through the rushing, turbulent waters to the boat, amid surging bodies of drift wood, and a still swelling torrent, and with his strong, skillful arm conveyed the entire fourteen souls safely to land, among their friends, whose joyous acclamations rent the air. Oh, great was the heartfelt gratitude of those women and children and strong men, when they found themselves safe, and tears flowed freely, and a loud shout of praise to Lieutenant Cox arose, again and again, from the anxious crowd of spectators.

One of the men who were rescued had a trunk in the boat in which was a large sum of money, and he offered Lieutenant Cox a liberal reward if he would return to the boat and secure it, but with a truly noble spirit he replied: "I will risk life for life, but not for money;" and in a few moments the boat was carried away with the overwhelming flood, and with all its contents soon destroyed.

One fact connected with this sad scene must not be omitted. The canoe used by Lieutenant Cox belonged to a professed minister of the Gospel, who actually *refused its use!* But the brave young soldier had seen too much service in the Union army to be thus foiled in his noble purpose of saving the lives of these strangers, and immediately took possession of it, disregarding the wishes of the owner, and accomplished his generous work—for which he deserves all praise. The citizens of Kingsport will long treasure up in their memories the noble deeds and daring of Lieutenant Cox, while the heartless owner of the canoe will not soon be forgotten. He should remove where his infamous deed will never be heard of.

We learn of a family who resided on the banks of the Watauga, who were all drowned save three small children. The parents, finding their house was about to be washed away carried their three smallest children to the shore and put them in a place of safety, and with their older children returned to the house, for the purpose of trying to save a portion of their furniture, when the house was swept away by the flood and dashed to pieces against the rocks, all who were in it perishing. These little orphans have, we learn, been properly cared for.

Some Change in Words.

Words are fossil history, or, in better phrase, catch and preserve events as amber does flies. The etymology of words is itself a key to their meaning and often their origin and history as well; and in the change of meaning words undergo from generation to generation are sometimes hidden hints of shifting customs. Many words show changes which are among the most curious and suggestive of all verbal studies. Thus, *conceits* once had nothing conceited in them, but a conceited man was only one who had opinions of his own, not necessarily what we call "opinionated;" *candidate* was originally a man who sought the "most sweet voices" of the people for public office, and was clad in a white robe—while now a "candidate" is a man who employs professional manipulators to pull the wires of primary meetings for him, who buys his nomination in caucus, and pays the highest market price for the votes of his constituents, and looks after his own interests when elected. *Impertinent* originally meant precisely what "irrelevant" means now, and has gradually taken on its present signification; *villain* meant only a servant, and "the little villain" would once have conveyed no opprobrium; an *idiot* was merely a man in private life, in contradistinction from those who held public office, but now the tables are exactly turned, and all the idiots appear to be office-holders. *Imprudence* formerly had nothing brazen about it, but was simply opposed to what we call bashfulness; *puerile* was "boyish," without any implied reproach; *sceptic* was only an "inquirer," or a thinker. As an example of the significance of words upon other grounds, we may cite the verb to *trench*, which probably took its meaning from the disposition of an avaricious man, when boundary lines were marked by trenches, to make the whole of the trench upon his neighbor's land. The *tariff* derived its peculiar name from the town of Tarifa, a Spanish or Portuguese town, where the first or one of the first examples of the thing itself occurred, and was carried to a very "protective" extent indeed. *Nasty* is no nastier a word than "refined" is, but custom is gradually setting it aside as reprobated; nor is *genteel* an "ungenteel" word, but custom is making it so without any definite reason. *Congress* and "congregate" have a common origin, and possibly the word, in its meaning of "coming together," illustrates the way that plunder-seekers "congregate," like birds of prey, about the carcass of the public treasury. Custom with which are the *jus, et arbitrium, et norma loquendi*, does as it pleases, and for approbation of a word, or its reprobation, or its changes in the signification, has no other reason than the woman's reason, "I think him so because I think him so," or the concise but inelegant "It is as it is, and can't be no *tiser*;" or, perhaps, that of the couplet:

> The reason why I cannot tell;
> I do not like thee, Doctor Fell.

—*N. Y. Evening Gazette.*

BRUTAL.—On Tuesday last a woman carrying a young babe in her arms got off the passenger train at this point. She at once began seeking a place to work, but without success. Some gentlemen who had talked with her, believing she was in a suffering condition provided her with a lodging place, and ascertained the following facts: The woman's name was Mary Barnes, wife of Thomas Barnes, living in Union county, some two miles north of South Pass. On Sunday morning last, so she states, her husband drove her from home, whence she walked to Makanda. During this journey all alone and in the cold, she gave birth to the child. It seems that from Sunday morning until she arrived here she was without a doctor's care, besides suffering from cold, hunger and fatigue. Here she has been properly cared for through the benevolence of some of our citizens.—*Carbondale (Ill.) Era, 28th.*

A REVERSE OF FORTUNE.—The Duke of Hamilton, who three years ago had an income of £70,000 a year, is now believed to be the poorest Duke in Europe. His income at the present time amounts to only £1,500 a year! But spare your pity. It is a swift career of dissipation which has brought him to this. The only way a Duke can spend money so fast is by play, and the young Duke of Hamilton has wasted his substance amongst gamblers. He is nearly related to the Duke of Baden and the Emperor of the French.

HEAR REASON!

STRENGTHEN THE DEFENSES.

When a garrison apprehends an attack from an outside enemy, what does it do? It STRENGTHENS THE DEFENCES. The human system, at this season of the year, is beleaguered by morbid influences. The atmosphere is full of them. Every change of weather lays the feeble open to their attacks. What is to be done in order to baffle these unseen, but ever active, foes? STRENGTHEN THE DEFENCES. Do you ask how? The answer is simply—the means within the reach of all: Reinforce the vital organs and the nervous system with HOSTETTER'S BITTERS. Tone the stomach, regulate the bowels, rouse the sluggish liver, cheer the spirits, enrich and purify the vital current, with HOSTETTER'S BITTERS. That's the way to STRENGTHEN THE DEFENCES, and render the capital of health impregnable. If you wish to escape bilious head-ache, intermittent fever, indigestion, and nervous visitations—to enjoy, in all its plenitude, the blessing of "a sound mind in a sound body," use this incomparable preventive and restorative. It preserves health in the healthy, and renews it in the weak and ailing.

PINUS ABIES, OR CANADA PINE.

There exudes from the inside bark of the White Pine, which grows abundantly in all the Eastern States and Canada, a honey-like, sweet substance, highly imbued with that terebinthinate principle which has long been valued as a remedy, in various diseases of the human body, especially those of the mucous tissues. Dr. G. W. Sweet, of Boston, has compounded from this material a medicine called POLAND'S WHITE PINE COMPOUND; which has met with great favor in those maladies where the turpentines and balsams are supposed to be valuable.

For Gravelly Affections.
Diabetes in young or middle aged people.
Diabetes in old people.
Stoppage of the urine.
The same difficulty in children during the night.
Gravel, Kidney Trouble in old people.
Ulcerated Kidneys, Ulcerated Bladder.
Discharge of mucus, or pus, or blood from the bladder.
Bright's Disease of the Kidneys.
Pain in the Kidneys or small of the back.
Pain in the Bladder, Heat and Scalding, &c.,

Poland's White Pine Compound will be found a speedy and permanent cure. It is no less to be valued as a general and bracing constitutional tonic, which imparts its health-giving principles to all the tissues of the body, without sickening or weakening the system in any way, or disturbing any one in his usual avocations.

Ask for POLAND'S WHITE PINE COMPOUND. For sale by the gross, dozen, or single bottle, at DR. KEYSER'S Great Medicine Store, 140 Wood street. ap2

THURSDAY, APRIL 4, 1867.

COURT REPORTS,

Oyer and Terminer, &c.

Before Hon. James P. Sterrett.

This Court met Wednesday morning at 10 o'clock, and proceeded with jury trials.

COSTS DIVIDED.

Louis Myers was indicted for assault and battery, on oath of Samuel Wickline. Upon the investigation of the case, the jury concluded that the parties were equally at fault, and found a verdict of not guilty, directing that the costs be divided.

LIQUOR SELLER FINED.

John McAnulty, arrested on process, pleaded guilty to an indictment charging him with selling liquor without license, and was sentenced to pay a fine of twenty dollars and the costs.

CONCEALING THE BIRTH OF A CHILD.

Rachel Small, *alias* Hunnewell, was placed on trial on an indictment charging her with concealing the birth of an illegitimate male child. The readers of the GAZETTE will remember the particulars of the finding, on the 6th of February last, of a fully developed infant, in the Presbyterian burying ground, in Collins township, concealed behind a tombstone. Circumstances pointing to the accused as the mother of the child, she was arrested two or three days after in Allegheny City. Being known to have been in a condition to become a mother, and having resided in the neighborhood of the graveyard, caused her to be suspected, and subsequent developments, together with her confession, left no doubt as to the fact that she was the mother of the child. Her confession was in substance that her mother, with whom she resided, objecting to her remaining longer, she concluded to seek admittance to an hospital, and having left the house with such purpose, was taken ill near the cemetery, where the child was born-dead.

The fact appeared that the accused was a widow, but there was no proof as to the time of the death of her husband, hence Mr. Swartzwelder, for the defense, claimed there was no clear and distinct proof that the child was a bastard. Again, it appeared by the confession made that the child was born dead, and that the concealment of the birth was alone from fear of the mother of the accused. The Court charged, that the jury must believe that if the child had lived it would have been a bastard before they convict. The jury after brief deliberation returned a verdict of "not guilty." The accused was discharged by proclamation.

ON HIS SECOND TRIAL.

J. B. Dawson was placed on his second trial (the jury failing to agree on the first) for fraudulently making and uttering a draft, with intent to defraud J. K. Colwell, in this city, in November last. On trial at adjournment.

District Court.

Before Judge Williams.

J. W. Campbell and William M. Younkins, owners of the flat-boat "Elk" vs. Frank Ferris, pilot, Uriah Walton, Captain, and Hamilton McClintock, owners of the steamboat "Petrolia." Suit for damages caused by the sinking of the flat-boat, laden with coal, in the Allegheny river, by colliding with the steamboat, the collision, as alleged, being caused by the negligence of the officers of the latter. Verdict for plaintiffs, as against Walton and McClintock, for $706, 15, and as against Ferris, the pilot, the jury found a verdict in his favor.

Allegheny City vs. Mrs. Nesmith. Action to recover the sum of $30, amount of benefits assessed upon a lot owned by defendant, resulting from the opening of Allegheny Avenue. Defense was made on the ground that the action was improperly brought, defendants name being "Mrs. Susan D. Nesmith," and that legal notice of the filing of the assessment had not been given. Verdict in favor of plaintiff for $33.25.

Wm. M. Moffitt vs. Olmstead & O'Connor. Action on a promissory note. Jury out.

Common Pleas Court.

Before Hon. Thomas Mellon.

Duncan & Robertson vs. Wm. Boyd & Son. Action on a book account for $167 50, for work done and services rendered. Defendants put in the plea of set off, &c. Jury out.

Thomas Valentine vs. S. J. Palfreyman. Plaintiff sought to recover possession of a tenement on Coal Hill, in Lower St. Clair township, in the occupancy of defendant as tenant. Defendant had been served with notice to quit three months prior to Jan. 1st, 1866, but refused to relinquish possession, and when a writ of dispossession was served, he appealed from the judgment of the magistrate, hence the action. Verdict for plaintiff for six cents damages and costs.

James O'Connor vs. owners of towboat Fox. Action for damages for loss of a coal-boat containing 22,000 bushels of coal, sunk in the Monongahela river, while in charge of the towboat, the owners of which had agreed to tow the coal from a point in Washington county to Pittsburgh. On trial.

Trial List for Thursday.

Difficulty about a Fee.

Robert Riley, while attending a sale of horses on Irwin street yesterday, became engaged in a dispute with another man, which resulted in Riley being knocked down. Determined on gaining redress through the medium of a suit for assault and battery, he repaired to the office of Antoine Weidman, Esq., for the purpose of procuring that gentleman's services as counsel. After he had told his story, Mr. Weidman advised him to prosecute, stating that he would attend to the case for the pittance of $10. To this arrangement Riley assented, and the attorney proceeded to act for him. When the information had been made, the legal gentleman demanded his fee, but was coolly informed by his client that he would not give him a cent, and he could make the best out of his bargain. Of course the lawyer was enraged, and while his blood was at fever heat, he appeared before Alderman Donaldson and made oath, charging Riley with false pretence. The latter was apprehended and brought before the magistrate to whom he acknowledged his guilt, expressing a desire to have the affair amicably adjusted. This was a very easy matter, as Wiedman withdrew the suit on the receipt of a $10 greenback.

When Riley attempts to be *sharp* again he will doubtless select a victim not conversant with the law, (!) and avoid being brought before a magistrate entertaining the same notions as to what constitutes "false pretence."

Extraneous.

In the trial of Rachel Hunnewell *alias* Small, Mr. ——, for the defense, again obtruded his views concerning the "star chamber" or "dungeon" connected with the Mayor's office, finding relevancy for his denunciation of the Mayor and his officers in the fact that the accused had confessed her guilt, among others to a reporter of the GAZETTE, who had obtained a "pass" to the secret dungeon for important prisoners. This GAZETTE reporter, said the irrepressible and freshly fledged limb of the law, "was one of the favored few, but, gentlemen of the jury, would a reporter of the ——, be similarly favored." The Court here interrupted Mr. ——, remarking that it was not the province of a jury to listen to such extraneous matters, as to whether the GAZETTE or —— newspaper reporter was most favored at the Mayor's office. Mr. —— here abruptly closed his "spread-eagle."

Larceny of a Flat Boat.

Sometime during the month of February, Henry Bradley, of Oil City, lost a flat boat, valued at $150, from its moorings below Cottage Hill. He made every effort to discover the whereabouts of his missing property, but all to no avail, until yesterday he found it tied on the shore of the Allegheny river, near the Mechanic street bridge. On instituting inquiry he ascertained that the flat boat was claimed by Francis Luther, of the Third ward. Bradley, on gaining this information, forthwith appeared before Alderman McMasters and instituted proceedings against Luther for larceny. He was arrested a short time after, but was released on giving bail in the sum of $500 to appear at court.

School Exhibition.

The pupils of school No. 6, Lower St. Clair township, under the charge of Miss Mary K. Polan, gave an exhibition on the evening of the 27th of March.

This school numbers over one hundred and twenty pupils, and during the entire performance the very best order prevailed.

Some sixty pieces were performed, consisting of dialogues, declamation and songs. That sweet old word "Good-bye," a song, reminded us of our school days.

On the whole it was a pleasant affair, as was also the examination held at the same school just one week ago.

Assault and Battery.—William Satchell appeared before Alderman Mullen yesterday and made oath charging August Stein with assault and battery. The prosecutor alleges that Stein attacked him in the Diamond square, Allegheny city, on Tuesday evening, and knocked him down, injuring him to a considerable extent; so much so in fact, that he was unable to reach his home in Reserve township unassisted. A warrant has been issued for the arrest of Stein.

Thief Caught.—Daniel McElherron, who was charged, some time ago, with stealing $20 from a lady in the Sixth ward, but who managed to elude the vigilance of the police at the time the theft was perpetrated, was arrested by Alderman McMaster, last night, about twelve miles from the city on the Pan Handle Railroad. After a hearing he was committed to jail for trial.

Mr. W. A. Gildenfenny has sent us a copy of the *North British Review* for March, 1867.

Combination Hose.

The new patent, was tested on Tuesday afternoon by the Vigilant and Eagle steamers, withstanding a pressure of two hundred and fifty-five pounds, and resisting all efforts to burst it. The maximum pressure for ordinary leather hose is about one hundred and eighty pounds. The trial was witnessed by the Mayor, Committee on Fire Engines and leading firemen, and the result may be the adoption of the new hose, which is claimed to be better in every way, cheaper, more durable, and less liable to get out of order, than any heretofore used in this city.

Gave Bail.—George Westham was before Alderman Lynch, yesterday, charged with surety of the peace on oath of Mary Ann Boyer. The parties are both colored and occupy a habitation in common on Church-hill street, in the Seventh ward. George, it is alleged, threatened to create a vacuum in Mary Ann's head, now filled, in a measure, by brains. He was made to give bail for a hearing.

A Woman Maltreated.—Mary Joice came to the office of Alderman Lynch yesterday and made oath, charging Sarah Miller with assault and battery. A warrant was issued for the arrest of the accused. Both parties reside in the Eighth ward, where the assault is reported to have taken place.

FINANCE AND TRADE.

Office of the Pittsburgh Gazette,
Wednesday, April 3, 1867.

The New York stock quotations to-day, as received by Mr. P. R. Mertz, were as follows: Gold, 134¼; Eighty-one bonds 109; Five Twenties, old, 109¾; Five Twenties, '65, 108¾; do new, 107¾; Seven Thirties, 105¾. Michigan Southern Railroad, 79¾; Cleveland and Pittsburgh, 78¾; Pittsburgh, Fort Wayne & Chicago, 92¾; Erie, 57¾; Chicago and Northwestern, 35¾; do preferred, 64¾; New York Central, 105¾; Chicago and Rock Island, 91¼; Reading, 102.

In the absence of any safe and profitable investments, government bonds are in good demand at advanced quotations. The steadiness in the European markets for our own bonds keeps gold and foreign exchange down, and steady, though there is an improved inquiry for cash gold, principally from parties going abroad. The amounts required for that purpose are small in themselves, but it prevents any accumulation at the money centres.

The stock market is very dull, partially from the closeness in the money market, but mainly for the want of outside support—there are no new operators to be found who are willing to risk their thousands, in either drawing a fortune or a blank.

Some Allegheny Valley Railroad bonds changed hands to-day at a very fair price, and there is inquiry for more at slightly lower rates. Columbia Oil stock is also in demand, in order to equalize, rather than from a desire to invest. Offers to buy at 5, and sellers at 6.

—The Washington correspondent of the New York *Tribune*, under date of Monday, says: The monthly statement of the public debt will not be ready for two or three days yet. It will make a most favorable exhibit of the finances of the Government, showing a reduction of from $17,000,000 to $20,000,000 in the public debt. It will also show that there are about $114,000,000 of gold in the Treasury. There has been no reduction in the volume of currency, the Secretary of the Treasury not deeming it expedient to retire the $4,000,000 for the month just closed. This will make three months that the Secretary has not exercised his authority in retiring the $4,000,000 per month which the law gives him. He has been governed in this matter by financial interests in the west and east, where money is in great demand. It is not the desire of the Secretary to produce a stringency in the money market, and thereby unsettle the business of the country.

—In the Supreme Court of New York Mr. Justice Sutherland has decided an important question between currency and gold. The issue turned on an agreement made to pay a certain sum at a time when gold was the ruling currency. The sum was tendered, but in legal tenders; hence the litigation. Mr. Justice Sutherlands holds that an agreement to pay in gold cannot be legally enforced, though, treating gold as a commodity, a contract for its purchase or sale is perfectly safe and proper. He declares that the result of the legal tender act is that gold has practically ceased to be currency, and become exclusively a commodity. The descision appears to be identical in principle with one recently delivered by the Supreme Court of Massachusetts, by which, upon a contract for the payment of a specified sum in gold, a tender of the amount in greenbacks was held good.

—The special efforts made by the banks to prepare for their quarterly statements, show how useless is the law requiring these stated exhibits, as a means of ascertaining their real condition. No matter what may be their average condition, it is easy for them to get up, once in three months, an array of details showing a perfectly satisfactory state of affairs. But while this provision of the bank law is deceptive rather than otherwise, as a means of ascertaining the condition of the banks, it causes much inconvenience at four periods of the year by producing an irregular interference with the course of banking operations, and an interruption of business in financial and business circles.—*Phila. PITTSBURGH MARKETS.

Office of the Pittsburgh Gazette,
Wednesday, April 3, 1867.

The general markets were moderately active to-day, there being a fair volume of business in the aggregate, and Flour is again somewhat excited and higher. In other articles, there is no essential change, but generally speaking, prices are firm and well sustained.

GRAIN—Wheat is in light supply and firm—no sales reported. Corn is in demand, and may be quoted at 75 for mixed, and 80 for prime yellow. Sale of 115 sacks rye at $1,45, and 1 car load at same figure. Oats quiet and unchanged; we continue to quote at 53 to 54, on track, and 55 to 58, in store. Prime to choice Spring Barley is quoted at $1,10 to $1,15.

FLOUR—Is firm and somewhat excited and higher at $13 to $13,50 for Spring Wheat; $13,75 to $14,00 for "mixed;" and $16 to $17 for fancy brands. Rye Flour is quoted firm at $7,75 to $8.

PROVISIONS—Bacon is firm, with sales at 10 to 10¼ for Shoulders; 11¾ to 12 for Ribbed Sides; 13 for Clear Sides, and 16 for Sugar Cured Hams. Lard is selling at 13 to 13¼ for prime kettle rendered. Mess Pork, $23,50 to $23,75.

SEEDS—There is a very good demand for Cloverseed—may be quoted at $9¼ to the trade, and $10, in a small way. Timothy Seed is quiet at $3. Flaxseed is in good demand at $3.

POTATOES—In fair demand, but the receipts are increasing. Sales of 400 bushels Peach Blows at 85 to 90, and 100 bush at 95.

BUTTER—Prime Roll Butter is in demand and scarce, while common and inferior is almost unsaleable. Sales of 6 half bbls good at 36; 2 bbls prime at 38, and 3 boxes choice at 40c.

EGGS—In consequence of a falling off in the arrivals, the market is a shade firmer, and there were but few, if any, sellers to-day below 21.

GREEN APPLES—We can report a sale of 50 bbls "Newton Pippins" at $5 per bbl; fair to prime may be quoted at $3,50 to $4,50.

DRIED FRUIT—Dull and unchanged; we continue to quote, for small lots, at 9 to 10 for Apples, and 16 to 20 for Peaches.

PITTSBURGH PETROLEUM MARKET

Office of the Pittsburgh Gazette,
Wednesday, April 3, 1867.

CRUDE—The market was more active to-day, the sales being larger in the aggregate, but prices remain about as last quoted. Sale of 1000 bbls, on spot, at 6½; 1000 to arrive, (40 to 45 gravity) at 6¾; 220 on spot, at 6¾, bbls to be returned; 2000 for May, at 7; and 110 bbls, on spot, at 11½, bbls included. There is considerable inquiry for spot oil, as well as for all this month, at 6 to 6¼, but above these figures buyers are shy, and prefer holding off, in expectation that increased arrivals will enable them to get all they want at the prices above named. The eastern advices continue unfavorable, but since Mr. W. P. Logan has returned home hopes of an improvement are entertained, as it is hinted that the object of his visit to Philadelphia was to break down the market.

REFINED—But a single sale reported to-day, 2000 bbls prime light straw to white—500 for April, at 25¾; 500 for May, at 26; 500 for June, at 26¼, and 500 for July, at 27. For immediate delivery in Philadelphia, there are buyers at 25½ for prime light straw to white, and 26¼ to 26¾ for standard white. Late foreign advices by cable report a decline of four francs in Antwerp on September deliveries; three francs on April shipments, and two francs on spot oil. Free oil is quiet and unchanged.

ARRIVALS—The following arrivals of oil were reported to-day:

Jas. Mawhinney	1800	Fisher & Bro	85

RIVER NEWS.

The river was apparently about at a stand last evening, with ten feet in the channel an excellent stage of water for steamboats. A telegram from Oil City yesterday afternoon reported fifty inches at that point and at a stand; The weather continues clear and pleasant, and all that could possibly be desired for the transaction of out-door business.

The Nora, from Cincinnati, is the only transient arrival we have to report. The Ida Rees, from Louisville, was due last night, and will doubtless be found in port this morning.

The Argosy cleared for Cincinnati with a fair freight list, and crowded with passengers, including a large number of children. The Lorena has been hauled to the upper end of the levee, and will load in turn for St. Louis after the Bellevernon.

The Echo cleared for Oil City last evening with a fair trip, and the Ida Rees No. 2 is due here from that point to-day.

The Bellevernon, Capt. Darragh, is filling up rapidly for St. Louis, and will be ready to take her departure to-day, and passengers and shippers should bear this in mind. The Ezra Porter, Capt. J. H. Porter, is the regular Saturday packet for Cincinnati.

The Kenton, Capt. Dunlap, will positively leave for New Orleans to-day, and as it may be some time before there is another boat ready to leave for that point, passengers and shippers should take advantage of the opportunity now presented.

The new side-wheel Dubuque, Capt. Parker, will leave for the Upper Mississippi on Saturday without fail. She will be followed on Saturday week by the Columbia, Capt. G. W. Reed.

The Ida Rees got in from Louisville last evening with a fair freight list.

Private telegrams from New Orleans report the Great Republic as having reached there on Tuesday, and she was to leave for St. Louis on Thursday. We expect to hear of her doing some good running up the Mississippi.

The Maggie Hays, from Pittsburgh, and the Glendale, from St. Louis, arrived at Cincinnati on Monday, and they were both advertised to leave for this port on Tuesday. The Sherman was to have left Saint Louis for Pittsburgh on Tuesday, and the Camelia, with a good trip, en route from Tennessee river to Cincinnati, was at Evansville on Monday. She added 2000 bags of wheat and 20 hhds tobacco to her cargo at the last named place.

The Kate Robinson, Leonidas and towboat Horner were at Cairo on Monday. The Robinson was deeply laden, while the Leonidas was almost light.

The Louisville papers have frequently been requested to state whether the boilers and engines on the "low pressure" Richmond are not the same that were used on the Jacob Strader, formerly one of the mail boats plying between Cincinnati and Louisville. A little light on the subject is very desirable, and we shall wait patiently to see what our cotemporaries, the *Courier* and *Democrat*, have to say on this point.

The Louisville *Courier* of Monday says: The canal is pretty well choked or blocked with mud, and if the river should continue to fall at this point that chute will soon be called into requisition. At present, however, the depth of mud must be nearly equal to the actual channel depth of water, about five feet water and five feet mud. The Canal Company are edeavoring to have the canal cleansed as fast as they can by means of their drudge boats. The river, however, is too high to successfully work in the canal, and unless the river should rise again the boatmen will have trouble to work through the canal.

The Nashville *Press* of Saturday says: The America left last evening for Pittsburgh, with the best trip of the season, consisting as follows: 421 bales of cotton, 50 empty beer kegs, 12 boxes axes, 4 boxes horse shoes, 100 tons scrap iron, 18 bags feathers, 1900 lbs fruit, 84 bales gunnies, 49 empty carboys and 6 hhds tobacco, with engagements below for 64 hhds of tobacco, which speaks well for an increase in business in the Cumberland River tracks.

Capt. Dryden telegraphs from Jeffersonville on Monday as follows: The low pressure steamer Richmond, left our wharf to-day for Louisville, to take on her furniture and outfit, and will leave for New Orleans on Saturday, 6th of April. She is a beauty, and looks as graceful as a lady, but not quite so fast.

The Cincinnati *Commercial*, of Tuesday, says: The Cincinnati Charitable Marine Association yesterday appointed Captain John N. Shunk and Capt. John A. Williamson delegates to the New York Convention, to be held on the 8th inst., by order of the Secretary of the Treasury of the United States. These gentlemen are admirably qualified for the duty assigned them, both being first-class practical boatmen. Capt Shunk is an engineer and Capt. Williamson a pilot.

Our dispatches of Monday announced the burning of the Alabama, with twelve hundred bales of cotton, fifty miles above New Orleans. The Alabama was out of the Red River. She was formerly the De Sota, built at New Albany, captured by our forces at the surrender of Island No. 10, and afterwards named the General Lyon, and used as a naval dispatch steamer by Admirals Foote, Davis and Porter, and commanded by Captains Hercules Carrel and Richard E. Burch. At the close of the rebellion she was sold by the Government, when her name was again changed to the Alabama.

Capt. J. H. Hughes, of Nashville, has sold the Fanny Brandies to Dorsey Smedley, of Paducah, Ky., for the sum of $12 500. We understand that she will be delivered immediately to her new owner, who intends to put her in the Tenessee River trade. At Memphis, on Monday, the 25th of March, the suit of General Bradford vs. the Morning Star was decided in the United States Court in favor of the plaintiff. The damage awarded were $1000, considerably less than the amount sued for. The complaint was that the plaintiff was put off at the wrong landing.

The suit of Swift, Rogers & Co., against the Louisville and Portland Canal Company, for a barge of hay sunk in the canal, was decided in the United States Court on Saturday by a verdict for the plaintiffs for $3,474.

The Athens, Ohio, *Messenger* says: Mr. John Perkins, of Athens, was (probable) witness to the first steamboat explosion that occurred on the Ohio river. It was the steamer Washington, an unfinished boat, while passing below, landed at Marietta, and while doing so the boiler exploded, throwing several of her crew into the river, and causing the deaths of seven or eight persons. This was in 1815.

The facts of the above explosion are: The Washington was a new boat, commanded by Captain Shreve. She left Wheeling Monday morning, and on Tuesday evening lay up opposite Harmer. The fires were kindled on Wednesday morning, and the explosion soon occurred, as she was preparing to leave, on June 5, 1815. Seven persons lost their lives, and ten others were scalded some of them badly. Six of the victims were buried on Thursday, at the Mound Cemetery, Marietta. CONSUMPTION

Our son, JAMES PAINTER, some three years ago was afflicted with consumption of the lungs for which he was discharged from the army. He was examined by four army physicians, who all agreed that he must die with the disease. We brought him to Dr. KEYSER, 140 Wood street, (now 120 Penn street,) who, after sounding his lungs, commenced to treat him, and cured him sound and well. He is now well and has been so for the past three years. Others afflicted in like manner can likewise be cured.
JAMES PAINTER.
MARY ANN PAINTER.
Temperanceville, Sept. 5th, 1866.

PITTSBURGH, December 31, 1866.

A GREAT CURE BY DR. KEYSER'S PECTORAL SYRUP. I live in Peebles township, Allegheny county. I had a cough and spitting, which commenced about the 4th of February last, and continued eighteen months. I employed the best physicians in the county, and my cough continued unabated until early in October. At that time I was advised to try your Pectoral Cough Syrup, which I did, and after I had taken one bottle, I was entirely free from the coughing and spitting. I had despaired of ever getting well, and I think that it should be known that this valuable remedy will do for others what it has done in my case. JOHN C. LITTLE,
Witness—R. M. KEER. Peebles township.

A case of five years' standing cured by Dr. KEYSER'S PECTORAL SYRUP.

PITTSBURGH, January 11, 1859.

DR. KEYSER:—My wife has been afflicted with a cough and difficulty of breathing for five or six years, which, for several years back, had gradually increased in violence. The complaint has been hereditary, and she had been treated by several physicians without any relief. In this state of her case I produred some of your PECTORAL COUGH SYRUP. I bought the first time a fifty cent bottle, which relieved her very much; I then called and got a dollar bottle, which cured her entirely, and she has now no trace of the former disease, except weakness. I would also state that I used the medicine myself to a cold and cough. The medicine cured me by taking one dose. I express my entire satisfaction with the medicine, and you are at liberty to publish this if you desire to do so.
WM. WILSON,
Alderman, Fifth Ward.

WHOOPING COUGH.

Below will be found a certificate from Doctor M. DUPUY, one of our most respectable dentists in regard to Dr. Keyser's Pectoral Syrup. The Pectoral Syrup is also an infallible cure for every form of cough and cold to which we are liable.

PITTSBURGH, June 23, 1862.

DR. KEYSER: Dear Sir: I have for a long time been opposed to advertised or patent medicines, and it is with reluctance that I recommend any of them. The consideration, however, that I am doing the community a service, induces me to overcome my objections, and to publicly recommend your Pectoral Syrup. We have kept it in our family for the last five or six years and have given it for coughs, such as are produced by colds, &c., with the effect of alleviating or entirely arresting them. During last winter our children were exposed to the infection of whooping cough, and each one of our three boys was attacked with what we believed to be that malady. We administered your syrup liberally, and the result was, that the whooping cough lasted with neither of them more than ten or twelve days. I hope others will at least make a trial of your medicines in such cases, as we have found it beneficial. Yours,
A. DUPUY, No. 21 Wylie street.

HERNIA OR RUPTURE.

It will be observed that we have published for some time past an advertisement of Dr. George H. Keyser, of 140 Wood street, Pittsburgh, Pa. in reference to Trusses and other mechanical appliances for the cure and relief of hernia, rupture, besides various brokendown conditions of the human body which are usually beyond the reach of medication. Dr. Keyser has given this branch of the business great attention for several years past, and we think we are justified in saying that he comprehends it thoroughly. You can get at his store, Shoulder Braces for weak breasts. Elastic Stockings for varicose veins, Pile Props for the cure of Piles, and, in fact, every variety of mechanical appliance. Dr. Keyser is the inventor of a Truss for the radical cure of Hernia or Rupture, so perfect in its parts and so comfortable to the wearer, as to elicit the admiration of all who may need such an appliance.

He has recently been in communication with some of the ablest and most experienced truss surgeons in the United States, and feels satisfied that all those who have been plagued or annoyed with ill-fitting and uncomfortable trusses, can be accommodated by calling at his consulting rooms, No. 120 Penn street, or at his Medicine and Truss Depot, 140 Wood street. Office hours from eight to eleven A. M., and one to four P. M.

DEAFNESS AND THE EAR.

Many persons have rested content in the belief that skin and ear diseases, however troublesome, will wear out of themselves, for that remedy will avail in effecting a cure; in this way many persons have suffered through half a dozen years, who might easily have been relieved at the outset in as many weeks. So also with regard to the ear, a prejudice has obtained that the ear is too delicate an organ to be treated, or is often expressed, TAMPERED WITH; hence hundreds have thus remained deaf for the greater part of a lifetime, who might have been greatly relieved, and in many instances, completely restored to their hearing, had proper assistance been timely applied for, as may readily be seen by a perusal of the following certificate. We also take occasion to remark that the testimonial comes from a source close at hand, in Allegheny City, where, upon inquiry, any one interested can satisfy themselves of its truth.

PITTSBURGH, July 28, 1864.

DEAR SIR:—I take pleasure in adding my testimony to that of others in favor of Dr. Keyser's treatment of deafness. My son had been afflicted for five years with deafness produced from scarlet fever. At times he could not hear at all; and could only understand as we would motion to him. His speech had also become affected. Having tried other remedies without receiving any benefit, I applied to Dr. Keyser, and under his treatment he is entirely recovered, and can now hear as well as ever he did.
